### COURTESY OF THE FLOOR

Melissa Radovanic, 1520 Mary Drive, Johnstown, and Discover Downtown Johnstown Partnership, addressed Council with regard to the economic impact of the new Christmas Tree in Central Park. She noted the project was a success specifying that there were over 100 visitors on weeknights and over 300 visitors on weekends to view the tree, or roughly 20,000 people during the Christmas Holiday Season. Mrs. Radovanic stated a survey conducted of food and business establishments in the central business district revealed an increase in revenues and guests. She stated the Christmas Tree created a good economic impact on the City.

Stated Meeting, continued

Mark Pasquerilla, 945 Menoher Boulevard, Johnstown, and Vision 2025, addressed Council regarding a committee update. He noted that approximately 250 people have already attended four sessions. Mr. Pasquerilla, on behalf of himself and Mr. Polacek, invited Council members to become involved in the project. He discussed a "capture team" that is expected to be organized in the next few months. Mr. Pasquerilla explained the nature of the capture team projects and discussed the goals of the Community Development staff. He read into the record an article delineating the seven signs a city will succeed.

John DeBartola, 1197 Bedford Street, Johnstown, addressed Council concerning local government. He suggested moving forward on agreed-upon issues and air those issues not agreed upon. Mr. DeBartola stated that Mr. Williams and Mrs. Stanton are attempting to create dissention and are creating havoc to "destroy the community". He urged that the "bickering" be stopped and that Council work on building the community.

Tim Burns, Esquire, 137 Clinton Street, Johnstown, provided an update on the hockey rink at the Roxbury Bandshell. He noted the rink is very close to the bandshell, it takes up seating space for the bandshell, and the floor of rink needs replaced. He discussed the relocation of the rink. Attorney Burns stated a committee was formed to discuss funding, but there was no public support of a fund that was set up with the Community Foundation. Attorney Burns stated a \$10,000 grant from Lee Initiatives was received and \$2,000 was personally raised.

Attorney Burns explained that the group would like to build a new NHL regulation rink, but until funding is in place to do so, the old rink will be reassembled at no expense to City taxpayers. Attorney Burns noted there have been regular meetings with the Johnstown Tomahawks, CJL Engineering, and other companies. He encouraged Councilmembers to visit the bandshell.

Mayor Janakovic commented that this may be a good project for Vision 2025. City Manager Komar noted Public Works will visit the site soon to assess the surface for possible remedies. Mr. Johncola commented that a new hockey rink is very expensive. Attorney Burns noted the cost is anywhere from \$100,000 to \$250,000.

Reverend Sylvia King, Christ Centered Community Church, 531 Somerset Street, Johnstown, brought church members to the Council meeting to have a chance to see how City government works. She invited Councilmembers to attend upcoming events at the church, including Unity in the Community that will be held Friday, February 26, 2016, at 6:00 p.m., and the second annual Peace in the Valley Peace March that will be held on Friday, May 6, 2016, at 5:30 p.m.

Stated Meeting, continued

Reverend King offered her support and the support of the church in connection with the drug challenges facing the community. She suggested that a town meeting be held relating to the matter.

Matt Amey, 1266 Saylor Street, Johnstown, addressed Council concerning the cost of his sewage upgrade. He discussed the dust on homes, cars, and the fact that laborers in the ditch were working without masks. Mr. Amey stated that at one time he was diagnosed with histoplasmosis, and he then discussed its treatment and prognosis. He played a telephone message left by a member of the EADS Group relating to the dust matter. Mr. Amey inquired as to who will accept responsibility for health problems that may develop as a result of breathing in this heavy dust. He suggested that water be sprayed to keep the dust down.

Mayor Janakovic suggested that the matter be referred to EPA or DEP.
