COURTESY OF THE FLOOR

Bill Polacek, 84 Iron Street, Johnstown, addressed Council with regard to a proposal by the business community to help create a vision for the City of Johnstown. Mr. Polacek asked Council to contribute \$10,000 towards the \$60,000 plan. He noted that \$40,000 has been received from the Community Foundation and \$5,000 has been donated by CTC. He congratulated Council for bringing an effective collaborative government to the City, something which he states "has not been seen for a long time." Mr. Polacek commented that this all started with meetings with prior city manager, Kristen Denne, Glenn Wilson and Ed Sheehan, the Johnstown Redevelopment Authority as well as JARI. He stated Congressman Murtha "really laid the foundation" to enable the region to continue moving forward. Mrs. Murtha could not attend tonight's meeting but expressed her support.

Mr. Polacek discussed future projects within the "vision" and the means by which the funding will be obtained. He noted the plan will assist Act 47 and move the City towards growth.

Mayor Janakovic thanked the business community, elected officials, citizens and the Community Foundation for their joint efforts.

Homer Mattes, 1160 Milford Street, Johnstown, addressed Council with regard to the City Dog Ordinance. He is a volunteer at the Sandyvale Memorial Gardens and extended an invitation to everyone to walk in the gardens, as well as their pets in the fenced-in dog park.

Mr. Mattes expressed a concern that the dog laws may need updated with regard to pit bulls and the pit bull mix. He proposed that the dogs should be tagged and registered with the City, and that up-to-date shot records and liability insurance be available. He suggested a 2-dog limit and that all dogs be spayed or neutered. He discussed additional updates for the dog laws.

Karen Senft, 828 Von Lunen Road, Johnstown, addressed Council with regard to the lack of police protection and street cleaning on the City side of Von Lunen Road. She has installed cameras and changed her locks at her residence due to multiple robberies. She commented that in emergency situations, Dale Borough responds and not the City police. Ms. Senft discussed the drug problems in her neighborhood and the retaliation against her family because she did "come forward" with names and places. She referred to a rental property near her home where there is drug activity. She noted she pays taxes to the City and urged the City police to patrol Von Lunen Road.

Ms. Senft has lived on Von Lunen Road for 11 years and has not seen a street cleaner once. She stated the street is filled with debris, glass and garbage. She requested that the street be cleaned.

Mayor Janakovic requested that Chief Foust check into the matter further. The Mayor will discuss with Mr. Sprincz the cleaning of Von Lunen Road.

Mrs. Mock asked Ms. Daly to investigate the matter further with regard to ownership of the rental property referred to by Ms. Senft.

Joe Warhul, 44 Clover Street, Johnstown, addressed Council with regard to codes. Mr. Warhul has left messages with the Codes Department, and his calls are

not returned. He questioned why a code violation is addressed faster when reported by a City official than by a resident. Mr. Warhul noted numerous code violations in his neighborhood that are not being addressed. He further noted he is not in favor of bureaucracy to solve problems. Mr. Warhul also discussed the misuse of building permits. He referred to properties in his neighborhood with overgrown hedges and weeds.

Mayor Janakovic asked that the matter be investigated further.

Charlene Stanton, 184 Sell Street, Johnstown, addressed Council with regard to city government. Ms. Stanton specifically discussed the time limit for Courtesy of the Floor and the fact that some speakers are given more time than others. She referred to a petition by Jack Williams with regard to this matter, which will be decided by the voters on the May ballot.

Ms. Stanton commented on the attestation she received with regard to written code complaints submitted by Council in 2014. She further commented with regard to the code complaint forms composed by Jack Williams.

She referred to the sewage work underway in Woodvale and requested clarification with regard to the sewage costs to homeowners. Ms. Stanton referred to comments by Councilwoman Mock regarding the clean-up of blighted homes on private property. Ms. Stanton inquired as to who would be responsible for injuries if residents were permitted to assist with the clean-up of these private properties. She suggested the use of the court system for noncompliance.

Mrs. Mock noted a quote directly from the codes enforcer and Ms. Daly confirmed the email from him.
