

# *City of Johnstown*

## *Downtown Road Detours*

---

Demolition of the former Conrad Building located at 303 Franklin Street in the City of Johnstown will begin on July 25, 2020. Road closures within Downtown Johnstown are required to ensure safety to the public. Beginning early Saturday morning, the Franklin Street Bridge, Levergood Street, and sections of Vine Street will be closed until demolition is completed sometime next week. Detours will be in place for motorists to follow. Anyone who normally parks in this area will not be able to access parking from 8:00 AM on July 25, 2020 until the demolition is completed. For those impacted by this parking restriction, the City of Johnstown is making available free parking within our Intermodal Transportation Center garage located at 316 Vine Street.
